

REGENT EDUCATION & RESEARCH FOUNDATION

Group of Institutions

Title of the Practice1: Dedicated Scholarship Cell to provide various Institutional and Govt. Sponsored Scholarships.

The context:

To pursue higher studies, a huge no. of student faces socio-economic challenges and here RERFGI Scholarship Cell has created a positive environment where students are aware that their institution is committed to their success with financial assistances. This practice is implemented since lots of students did not have the clear knowledge about the unpteen numbers of State and Institute sponsored scholarships and thus were unable to take the advantages of the same. Scholarship facility is provided to all the students who come from rural area and are economically weaker. Preference is given to girl child in this context which has led to significant increase of female enrolments. To provide best opportunities, RERFGI Scholarship Cell has partnered with the platform 'scholarshipforme.com', developed by RERFGI alumni members and incubated by the IIC

Objectives of the practice:

. The prime objectives of the scholarship cell are:

- To assist both the newly admitted and existing students to find the appropriate scholarship as per their eligibility.
- To help the students with the cumbersome documentation process while applying for the scholarship.
- To encourage the EWS and/or Reserved category students for higher studies.
- To promote girl child education and thus increase their enrollment ratio.

The process and the practice:

- There are two types of Scholarship available- Government & Institute Scholarship
- Notification release by the Scholarship Cell
- Eligible students are submitted their application form along with documents.
- Scholarship Cell is verified their documents
- Forwarded to the respective authority for the final action.

Group of Institutions

Evidence of Success:

In essence, the Scholarship Cell serves as a bridge between students and the resources they need to succeed. It transforms lives, fosters a culture of achievement, and contributes to the growth of the institution and society as a whole. Almost an amount of Rs.5-6 crores have already been disbursed by Govt of West Bengal under different schemes in the academic year 2022-23. RERFGI Trust has also provided Rs. 3.3 crores scholarship to a wide range of meritorious students from EWS/reserved category/girl child etc. Students are happy with the initiative which has been reflected in their feedback.

Problems encountered:

- Ensuring accurate documentation and submission requirements for different Govt. scholarships.
- Addressing a huge no. of students' queries and concerns
